HARD WATER SCALE REMOVER

Sujal Active H₂O Hard Water Scale Remover
The Ultimate Solution for Water Problems

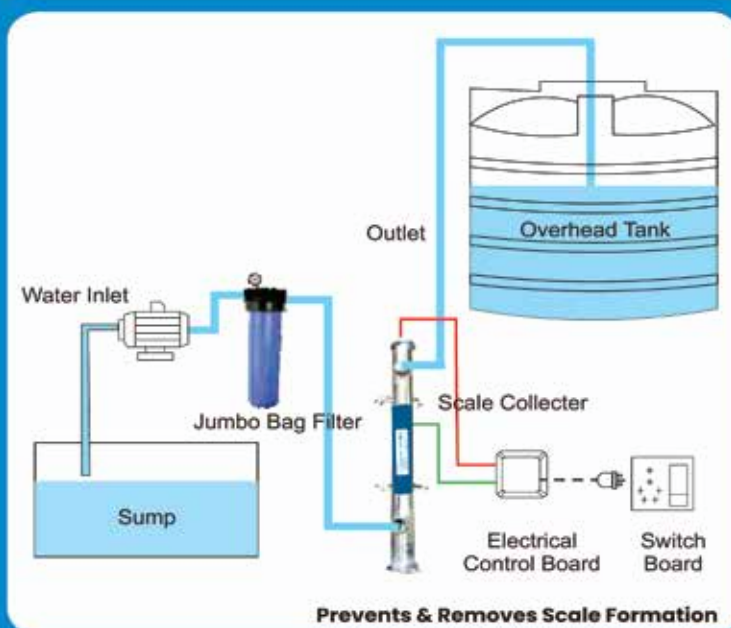

Say goodbye to hard water problems and enjoy long-lasting protection with Sujal Active H₂O Hard Water Scale Remover. Our advanced water treatment solution prevents scale build-up, protecting your plumbing, appliances, and equipment which reduces maintenance costs.

Hard Water Scale Remover collects loose scale inside the isolated electrolytic chamber and helps Prevent Scaling and clogging in water pipelines.

FEATURES:

- ZERO Salts / Chemicals
- Low Maintenance
- Reliable & Long Lasting
- Customized Sizes
- Automatic Control System

Advantages of Sujal Active H₂O Hard Water Scale Remover

- Scale Remover will be capable of operating with untreated water, without the need for chemical additives or other softening methods.
- Reduces Water Waste and Maintenance Costs
- Helps Reduce the Growth of Microorganisms and Bacteria

Electrolytic Chamber

The Electrolytic Chamber is a DC-powered unit consisting of specially designed anode and cathode electrodes. As hard water passes through the chamber, dissolved minerals are converted into harmless microscopic particles, preventing scale formation inside water pipelines and equipment.

Benefits of Sujal Active H₂O

After Bath
Reduce Hair Fall
Reduce Skin Irritation
Reduce Dandruff
Rich Soap Lather Formation

No Scaling Formation on
Utensils, Flooring,
Wash Basins, Taps
and Prevents Internal
Pipeline Clogging

Washing Clothes
Rich Soap Lather Formation
Proper Cleaning of Clothes
Reduced Detergent consumption
Extends the Life of Clothes

Effectively Solves Hard Water
Problems For Electric Heaters,
Washing Machines, Water Pipelines
and Helps Prevent Rust Formation
and Reduces Appliance Maintenance

HARD WATER

SOFT WATER

Protects Agriculture & Poultry Farms – Ensures clean water for irrigation and livestock, leading to better crop yields and healthier animals.

Softer Skin & Healthier Hair – Reduces harsh minerals in water that cause dry skin, dull hair, and irritation.

Cleaner Water – Eliminates the metallic and salty taste of hard water, making it fresher.

Zero Chemicals, 100% Safe – Works without salt, chemicals, or additives, making it eco-friendly and safe for consumption.
